Dear Mike

The Portas Pilot Application

At its Meeting on 20 March 2012 the Town Council was updated on the progress of the bid for Liskeard to be a Portas Pilot Town.

The Council was unanimous in its praise of the many individuals and organisations that have become involved in this project and of the immense efforts that are being put in by those who are driving it forward.

For a long time Liskeard has been lucky in having such an active and successful Community Group as the Town Forum and the various sub-groups that have worked under its aegis. The way in which these have worked in partnership with the Town Council has previously been held up as an exemplar to other towns and communities; it continues to provide a model that will help take Liskeard forward. The advent of the "Town Team" is yet another demonstration of the way in which our community will rise to almost any challenge in its determination to see the best for Liskeard despite all the constraints that exist in today's world.

The Council resolved unanimously to continue its support of the bid and of all those working so hard towards its success.

Yours sincerely

Mayor Nick Mallard
CC. Liskeard Town Team
